NOTICE OF IMPORTANT INFORMATION AND HEALTH WARNINGS

You must read the section below carefully and completely.

We are pleased that you are going to participate in the Biodanza World Encounter on Bali from February 24th until February 29th 2020 (the “Encounter”), organised by Enjoy Yourself, Inspire Others B.V., its facilitators, staff, volunteers and other people who assist and support in the Biodanza World Encounter (the “Encounter Organisation”).

Many people have found a Biodanza Encounter to be an enjoyable and valuable experience. However, the Encounter is not advisable for everyone. The purpose of this notice is to ensure that you are not one of the people for whom this Encounter may be inadvisable.

We take our responsibility and your safety seriously. Although the number of people who have experienced serious problems during or after a Biodanza Encounter is quite small, you should be certain whether the Encounter is appropriate for you. If you have any questions, please contact a (mental) health professional. You declare with your registration for the Encounter that you have a full understanding of each and every paragraph which follows and that you understand our recommendations and will comply with our instructions.

The Encounter is designed for people who clearly understand they are responsible for their own health and well-being before, during and after the Encounter. It is not to be used as a substitute for medical treatment, psychotherapy or health program of any nature, regardless of what you may believe or have heard from anyone. We advise you that the Encounter Organisation with the facilitators, staff and other people who assist at the Encounter are not (mental) health professionals and that there will not be any (mental) health professionals in attendance.

If you experience any symptoms or suggestion of mental distress during the Encounter sessions, during the breaks or at the end of any session, or between sessions, you must immediately inform the Encounter Organisation. In such event, you and the Encounter Organisation will discuss the matter and you will determine

what is the appropriate thing for you to do. If you experience any symptoms or suggestions of mental distress, we strongly recommend that you immediately inform a physician or (mental) health professional.

If you have not been feeling well or if you have been meaning to see a physician or a (mental) health professional for some complaint, symptom or concern, or if you have had difficulty sleeping lately, or been depressed, it is imperative that you consult with a physician or (mental) health professional prior to your participating in the Encounter.
